Concept and Roles in Personnel

4000 CONCEPT AND ROLES IN PERSONNEL

The personnel policies of a school district are an essential part of the program of public education in a community. The philosophy of a school district and the community is generally reflected in these policies.

Through its personnel policies, the Board of Education wishes to establish conditions that will attract and hold the highest qualified personnel for all positions who will devote themselves to the education and welfare of our students.

Policy development must be approached with attitudes of mutual faith and good will. Cooperation and participation of the employees' association(s), administration, and the Board are essentials in the implementation of personnel policies. If the predominant values and standards are based upon a philosophy of mutual respect, the personnel policies and procedures will add to the dignity of each individual.

Provisions for the implementation of adopted personnel policies should include channels of communication and procedures for the handling of professional and ethical problems, through which all persons or groups affected may voice their opinions.

To keep its personnel policies, and the corresponding administrative regulations, in the highest state of effectiveness to achieve the above purposes, the Superintendent is directed to establish the procedures needed.

The primary role of non-certificated personnel is to support and enhance the efforts of certificated personnel to achieve the Board's adopted purposes and goals of the schools.

All personnel policies and regulations, including the specifics of employee agreements, pertaining to non-certificated personnel must be written in harmony with that primary role.

The Board of Education shall, upon recommendation of the Superintendent, classify all employees not requiring certification according to the provisions of the job assignment in effect at the time of employment.

Goals and Objectives

The personnel employed by the school district constitute the most important resource for effectively conducting a quality educational program. Important contributions to a successful education program are made by all staff members. The district's program will function best when the District employs highly qualified personnel, conducts appropriate staff development activities, and establishes policies and working conditions which are conducive to high morale and which enable each staff member to make the fullest contribution to district programs and services.

Concept and Roles in Personnel

The goals of the district's personnel program shall include the following:

1. To develop and implement those strategies and procedures for personnel recruitment, screening, and selection which will result in employing the best available candidates, i.e., those with highest capabilities, strongest commitment to quality education, and greatest probability of effectively implementing the district's educational program.
2. To develop general deployment strategy for greatest contribution to the learning program, and to utilize it as the primary basis for determining staff assignments.
3. To develop a climate in which optimum staff performance, morale, and satisfaction are produced.
4. To provide positive programs of staff development designed to contribute to the improvement of the learning program and to each staff member's development.
5. To provide for a genuine team approach to education, including staff involvement, under the direction of the chief school administrator, in planning and evaluation.
6. To provide attractive compensation and benefits as well as other provisions for staff welfare.
7. To develop and utilize for personnel evaluation positive processes which contribute to the improvement of both staff capabilities and the educational program.

Creating Positions

4111 CREATING POSITIONS

The Board of Education recognizes its authority to establish support staff positions that, when filled by qualified employees, will assist the district in the achievement of educational goals set by the Board.

The Board will create new positions as required, approve a job title appropriate to the position, and determine the number of persons required to staff adequately each such position.

The Superintendent shall recommend to the Board such new positions or additional staffing in existing positions as may be required by pupil enrollments and the operational needs of the district.

(M)

4125 EMPLOYMENT OF SUPPORT STAFF MEMBERS

The Board of Education believes that it is vital to the successful operation of the district that support staff positions created by the Board be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every support staff member employed by this district.

The Board will employ substitutes for absent support staff members in order to ensure continuity in a program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent support staff member.

The Board may use a private contractor to secure a substitute support staff member.

The Board of Education shall not employ for pay or contract for the paid services of any support staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq. that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board or a school bus contractor holding a contract with the Board, in the capacity of a school bus driver, shall be required to meet the criminal history record requirements as outlined in N.J.S.A. 18A:39-19.1.

The Board will employ paraprofessional school aides and/or classroom aides to assist in the supervision of student activities under the direction of a Principal, teacher, or other designated certified professional personnel. Aides will serve the needs of students by performing nonprofessional duties and may work only under the direct supervision of a teaching staff member(s).

In accordance with the requirements of No Child Left Behind Act of 2001, paraprofessionals hired after January 8, 2002, who work in a program supported with Title I, Part A funds, with certain exceptions, must meet one of the following criteria:

1. Completed at least two years of study at an institution of higher education;
2. Obtained an associate's (or higher) degree; or
3. Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Paraprofessional staff working in a Title I school, and whose salary is paid for in whole or in part with Title I funds, must have met one of the criteria listed above by the end of the 2005-2006 school year. The Superintendent will ensure paraprofessionals working in a program supported with Title I funds meet the above stated requirements.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or the Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A support staff member's misstatement of fact material to his/her qualifications for employment or the determination of his/her salary will be considered by the Board to constitute grounds for dismissal.

Termination

4140 TERMINATION

The Board of Education will enter a contract with each non-tenured support staff member providing, in part, for the termination of employment by either party. When the Board terminates a non-tenured support staff member, notice will be duly given in writing and will state the reason(s) therefor. However, the Board reserves the right to summarily dismiss a non-tenured employee without notice for good cause.

The Board may terminate an employment contract with a non-tenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. N.J.S.A. 18A:27-4.1.

A permanent support staff member may request in writing, upon receipt of the notification of dismissal, a hearing before the Board. The Board may, in its discretion, grant a hearing. Any such hearing will include notice to the employee of the date, time, and place at which it will be held and an opportunity for the employee to be heard and to present witnesses on his or her behalf. The decision of the Board will be rendered in writing and will be final.

An employee who offers insufficient notice of termination will be paid only through the last day of his or her service.

The Board may temporarily suspend an employee with or without pay and without notice when his or her continued services may be inimical to the interests of the District.

Reduction in Force

4145 REDUCTION IN FORCE

In the event that it is necessary for the South Orange-Maplewood Board of Education to reduce the force of the South Orange-Maplewood Public Schools due to depressed economic conditions, decreased enrollment, insufficient funding, or causes other than the evaluation of the work performances of employees, it will be the policy of the South Orange-Maplewood School District to accommodate such reduction through the normal attrition of staff. Should it not be possible to accomplish the necessary reduction in force through attrition, the Board of Education will reduce tenured and non-tenured personnel according to provisions of the New Jersey State Statutes and the rules and regulations of the New Jersey State Board of Education.

Further, the Superintendent of Schools is directed to formulate administrative rules and regulations to conform to this policy. Such rules and regulations shall be made available to all school district employees.

Reduction in Force

R 4145 REDUCTION IN FORCE

When a reduction in force is required, due to depressed economic conditions, decreased enrollment, insufficient funding, or causes other than the evaluation of the work performance of employees, where possible, a reduction of staff will be accomplished through normal attrition; i.e., retirement or resignation. However, in addition, unpaid leaves of absence will be restricted to up to one (1) year.

The uncertainty of conditions that resulted in the need for a reduction in force make unpaid leaves of absence of more than one (1) year inappropriate and possibly detrimental to the staffing needs of the district.

EMPLOYMENT CONTRACTS

The Board will renew the employment contract of a nontenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. A nontenured support staff member who is not recommended for renewal by the Superintendent is deemed nonrenewed.

The Superintendent shall notify the Board of the recommendation not to renew the support staff member's contract and the reasons for the recommendation. The support staff member whose contract is not renewed has the right to a written statement for the reasons for nonrenewal. The Board may also provide any nontenured support staff member with an opportunity to meet informally with the Board, provided that a request for such an appearance is received within ten days after the support staff member receives the statement of reasons provided by the Board.

This policy does not apply to the contract renewal of the treasurer of school moneys, board auditor, board attorney or board secretary, except a board secretary who performs business administrator's functions.

The Superintendent or designee shall base a recommendation for wage freeze or reduction on evaluations of the employee's performance and conduct. Physical Examination-M

4160 PHYSICAL EXAMINATION

The Board of Education requires each newly employed support staff member undergo a physical examination. The physical examination shall include, but is not limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include a health screening to include height and weight; blood pressure; pulse and respiratory rate; vision screening; hearing screening; and Mantoux test for tuberculosis.

The Board of Education may include testing for controlled dangerous substances, as defined in N.J.S.A. 2C:35-2, as part of any physical examination required of a candidate who has received a conditional offer of employment. Such testing shall be conducted in accordance with guidelines developed by the Department of Education in consultation with the Department of Health. Any testing shall be conducted by a physician or institution designated by the Board of Education. Costs shall be paid by the Board of Education.

A support staff member may provide health status information, including medications, which may be of value to medical personnel in the event of an emergency requiring treatment. School employee physicals, examinations and/or annual medical updates do not require screening or disclosure of HIV status. The staff member may also choose to share with the Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

Physical examinations required by this policy shall be limited to those assessments or information necessary to determine the individual's physical and mental fitness to perform with reasonable accommodation in the position he/she seeks or currently holds and to detect any health risks to pupils or other employees. The pre-employment physical examination shall not be used to determine a candidate's disabilities. Such examination shall be used only to determine whether the applicant is able to perform, with or without reasonable accommodation, job functions pursuant to the Americans with Disabilities Act.

If the result of any such examination indicates mental abnormality or communicable disease, the employee shall be ineligible for further service until proof of recovery, satisfactory to the Board of Education, is furnished. Employees under contract or tenured may be granted sick leave with compensation as provided by law and shall, upon satisfactory recovery, be permitted to complete the term of his/her contract, if under contract, or be reemployed with the same tenure, unless the absence exceeds a period of two years.

 - (2) Administered in any place within the six months previous to the member's initial employment in this district.
 - b. Procedures for the administration of the Mantoux test, interpretation of reactions, follow-up procedures, and reporting shall be conducted in accordance with the guidelines issued by the State Department of Health and titled School Tuberculin Testing in New Jersey.
 - c. If the results of the Mantoux test so indicate, the employee shall be referred for a chest X-ray and medical evaluation to determine the presence of tuberculosis at the employee's expense. The employee shall submit the report of the X-ray and evaluation to the school medical inspector. If the school medical inspector does not receive the report within four weeks of the referral or is unwilling to accept the findings of the report, he or she may direct the employee to submit to a chest X-ray examination at Board expense, the results of which will be reported directly to the school medical inspector.

Control and accountability of specimens will be maintained with a chain of custody in accordance with accepted practices and as recommended by the approved laboratory. The laboratory will be selected by the Board and approved by the New Jersey Department of Health.
 - b. The laboratory will conduct an initial or screening test and a confirmatory test. Refusal of employment will not be based on the results of a screening test alone. An initial test is an immunoassay test to eliminate negative test results from further consideration and to identify the potentially positive specimens for the purpose of further testing and confirmation. A confirmatory test is a second analytical procedure to identify the presence of a specific drug which uses more sophisticated technique to ensure reliability and accuracy.

- c. A Medical Review Officer, who is a licensed physician employed by the laboratory certified and qualified to complete drug testing will review the final results of positive drug tests, scrutinizing them for possible alternative medical explanations. The Medical Review Officer will review the candidate's medical history and will conduct a medical interview to determine the other relevant factors contributing to the results of the test. The Medical Review Officer will communicate the results of a positive drug test to the applicant and to the Superintendent.

- e. After a conditional offer of employment, the school district may ask questions concerning present drug or alcohol use; however, information obtained may not be used to exclude an individual with a disability, based on the disability, unless it can be shown that the reason for exclusion meets the following three tests:
 - (1) It must be job-related and cannot be met with reasonable accommodation;
 - (2) It must be consistent with the demonstrated necessity of conducting business; and
 - (3) It must be related to legitimate job criteria.
- f. The school district may refuse to hire an applicant based upon a test result that indicates the illegal use of drugs. This action may be taken even if the applicant claims he/she recently stopped illegally using drugs.
- g. The school district would incur liability under ADA if a person is excluded from a job if the school district erroneously regarded the candidate to be an addict currently using drugs illegally when the drug test showed the presence of a lawfully prescribed drug. The Superintendent will confer with the Medical Review Officer regarding all positive tests to prevent any ADA liability.
- h. All records regarding pre-employment physicals and drug tests will be maintained in separate medical files and treated as confidential medical records. These records will be:
 - (1) Kept separate from a candidate's personnel file;
 - (2) Kept in a locked cabinet in a central school district location; and
 - (3) Accessible only to the Superintendent and/or designee.

Physical Examination for Cause

4161 PHYSICAL EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any support staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any support staff member whose physical or mental condition so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons, provided any such hearing is requested in writing within ten working days of the receipt of the notice.

A support staff member who fails to request an appearance before the Board within the time permitted or, having appeared before the Board, fails to persuade the Board that he/she should not be required to submit to the required examination shall be ordered to submit to an appropriate examination by a physician or institution designated by the Board and at the Board's expense.

The support staff member may, at his/her option, submit names of physicians or institutions to the Board for consideration to complete the appropriate examination(s). The Board is not required to designate a physician or institution submitted for consideration by the teaching staff member, but the Board will not act unreasonably in withholding its approval of a physician or institution submitted by a support staff member. The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the support staff member.

If the support staff member's request is denied, or if the support staff member does not request the Board to consider a physician or institution, the staff member may elect to submit to an appropriate examination conducted by a physician or institution of the support staff member's own choosing and at his/her expense, provided the physician or institution so chosen is approved by the Board, pursuant to N.J.S.A. 18A:16-3, and is authorized and directed by the member to report the results of the examination to the Board.

If the results of the examination show mental illness or communicable disease, as defined in Policy 8451, the support staff member shall be placed on sick leave and compensated in accordance with his or her sick leave entitlement, if any, until proof of recovery, satisfactory to the Board, is furnished. No leave of absence granted under this policy shall exceed the term of the contract of a nontenured support staff member or a period of two years in the case of a tenured support staff member.

Attendance

4211 ATTENDANCE

Employee attendance is an important factor in the successful operation of any school district and in the maintenance of the continuity of the educational program. The Board of Education is vitally and continually interested in the attendance of each employee and considers satisfactory attendance an important criterion of satisfactory job performance.

The privilege of district employment imposes on each employee the responsibility to be on the job on time. This responsibility requires that the employee maintains good health standards, take intelligent precautions against accidents both on and off the job, and manage his/her personal affairs to avoid conflict with district responsibilities.

The Board is required by the high costs of absences and disrupted work schedules to give continuing attention to the maintenance of regular attendance by employees. Chronic absenteeism and tardiness are subject to discipline and may be cause for dismissal.

The Superintendent shall develop regulations to implement this policy.

Consulting Outside the District

4211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that support staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from support staff members from other school districts, agencies and other entities, the Board may support the sharing of its support staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a support staff member's attendance in another school district, agency or other entity without additional remuneration to the support staff member or school district, upon a written request from the agency or from the support staff member.

The Board of Education recognizes support staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. The support staff member must normally complete any paid consulting activities on his/her own time which would include personal days, vacation days, evenings, weekends, and/or school holidays.

The support staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

Endorsement of a product or service by an employee is not permitted when the connection between the district and the employee is made part of such endorsement.

The Board of Education discourages the presentation of gifts to support staff members by pupils and their parents or legal guardians, because it may embarrass pupils with limited means and give the appearance of currying favor. 4218 SUBSTANCE ABUSE

The Board of Education recognizes a support staff member who reports to work under the influence of drugs or alcohol poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any support staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district. A support staff member is prohibited from possession, use, distribution, or being under the influence of any substance during work hours.

For the purposes of this Policy, "substance" or "substances" means alcoholic beverages, any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, or any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4, and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Any support staff member who reports to work under the influence of or in possession of any substance will be subject to appropriate discipline, which may include termination or the filing of tenure charges for a tenured support staff member in accordance with law.

A support staff member shall be required to submit to an immediate medical examination to include a substance test if the support staff member's supervisor has reasonable suspicion to believe a support staff member is under the influence of a substance during work hours. Refusal of a support staff member to consent to the medical examination and substance test will be determined to be a positive result.

In the event a support staff member's medical examination and substance test results are negative for a substance, any documents or records pertaining to the requirement for the examination and test and results will not be maintained by the school district. Any required examination and testing shall be paid for by the Board. The support staff member will be afforded the opportunity to have any test results confirmed using acceptable test confirmation practices. This confirming test shall be paid for by the support staff member.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any support staff member who, in the course of their employment, has reason to believe a school staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall report the matter as soon as possible to the Principal, or in the absence of the Principal, to the staff member responsible at the time of the alleged violation. Either the Principal or the staff member shall notify the Superintendent of Schools who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a support staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the support staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a support staff member in response to questioning initiated by the Principal or designee or following the discovery by the Principal or designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

Categories of Testing

For the purpose of this policy, the occurrence of the following circumstances/instances shall require an employee to submit to a controlled substance and alcohol screening:

A. Pre-Employment Testing

An individual who has applied for and has been selected to operate a Board vehicle shall, before beginning employment with the Board, submit to a controlled substance screening in conjunction with any required physical examination as per Policy No. 4160. Such screening shall be conducted in

accordance with the procedures set forth in this policy and 49 C.F.R. 40. No individual receiving a positive confirmed test result will be employed by the Board.

An exception to the pre-employment screening may be made if the prospective employee has participated in a controlled substance testing program that met the requirements of 49 C.F.R. 382 et seq. within the previous thirty days and while participating in that program either:

1. Was tested for controlled substances within the past six months (from the date of application to the district), or
2. Participated in the random controlled substances testing program for the previous twelve months (from the date of application to the district); and
3. The DER must ensure that no prior employer, to the DER's knowledge, has records of a violation of a controlled substance testing program within the previous six months.

If an individual is so exempted, the Superintendent or his/her designee shall contact the controlled substances testing program in which the driver participated and obtain the following information in accordance with 49 C.F.R. 382.301(c):

1. Name and address of the program;
2. Verification of the driver's participation;
3. Verification that the program conforms to federal guidelines;

6. The results of any tests taken within the last six months and any other violations.

In accordance with 49 C.F.R. 382.301(d), the district will conduct pre-employment alcohol tests before the first performance of safety-sensitive functions by a new covered employee or someone who has transferred to a position involving the performance of safety-sensitive functions. The alcohol test will be conducted after making a contingent offer of employment or transfer, subject to the individual passing the pre-employment alcohol test. All alcohol testing will be completed in accordance with 49 C.F.R. 40 et seq. A covered employee will not be offered employment and/or the transfer unless the result of the test indicates an alcohol concentration of less than 0.04.]

An individual who has applied for and has been selected to operate a Board vehicle or any existing employee transferring into a new position now required to operate a Board vehicle, shall submit a written consent authorizing the district to obtain the following information from other employers who have employed the employee during any period during the two years before the date of the individual's application date or transfer into the new position. The written consent from the individual will permit the Designated Employer Representative (DER) to obtain the following information from previous DOT-regulated employers:

1. Alcohol tests with a result of 0.04 or higher alcohol concentration;
2. Verified positive drug tests;
3. Refusals to be tested (including verified adulterated or substituted drug test results);
4. Other violations of DOT agency drug and alcohol testing regulations; and
5. With respect to any employee who violated a DOT drug and alcohol regulation, documentation of the employee's successful completion of DOT return-to-duty requirements (including follow-up tests). If this information is not available from the previous employer, the DER must seek to obtain this information from the individual.

The DER will obtain and review this information before the employee first performs any driving and/or safety-sensitive functions. If this is not feasible, the DER will not permit the individual to work after thirty days from the individual's first date of employment in the position unless the DER has obtained or made and documented a good faith effort to obtain this information.

B. Random Testing

A covered employee shall be subject to submit to alcohol and controlled substance testing on an unannounced and random basis resulting from the selection by a random generation methodology in accordance with 49 C.F.R. 383.305 (i). Random testing will be spread reasonably throughout any given calendar year.

The minimum annual percentage rate for random alcohol testing shall be 10% of the average number of drivers. The minimum rate of random controlled substances testing shall be 50% of the average number of drivers. These rates may be adjusted as determined by the FHWA (Federal Highway Administration) Administrator in accordance with 49 C.F.R. 382.305.

Drivers shall only be random tested when performing safety-sensitive functions or immediately prior to or immediately following the performance of safety-sensitive functions.

C. Post-Accident Testing

The involvement by an employee in a motor vehicle collision while operating a Board vehicle when such accident results in property damage or personal injury, may trigger a post-accident drug and alcohol test.

As soon as practical following an occurrence, the DER will require post-accident alcohol screening for each of the surviving drivers:

1. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
2. Who receives a citation within eight hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - a. Bodily injury to any person, who, as a result of the injury immediately receives medical treatment away from the scene of the accident; or

- b. One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
3. If the alcohol test is not administered within two hours following the accident, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the accident, the DER shall cease attempts to administer the alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

As soon as possible following an occurrence, the district will require post-accident controlled substance screening for each of the surviving drivers:

1. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
2. Who receives a citation within thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - a. Bodily injury to any person, who, as a result of the injury immediately receives medical treatment away from the scene of the accident; or
 - b. One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
3. If the controlled substance test is not administered within thirty-two hours following the accident, the DER shall cease attempts to administer the controlled substance test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

A driver who is subject to post-accident testing shall remain readily available for such testing or be deemed to have refused to submit for testing. A driver who is injured in an accident and requires medical care, shall submit to post-accident drug and controlled substance testing by the medical care facility providing the treatment or a designee of the Board if the facility is unable to provide the testing. Nothing herein shall be construed to prevent the driver from leaving the scene of the accident for the period required to obtain necessary assistance or to obtain emergency medical care.

D. Reasonable Suspicion Testing

The DER may require a driver to submit to an alcohol and/or controlled substance test when the driver is observed by a supervisor or school official who is trained in accordance with 49 C.F.R. 382.603 and causes the observer to have reasonable suspicion to believe the driver has violated 49 C.F.R. 382 et seq. Reasonable suspicion must exist to require the driver to undergo a test and must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Reasonable suspicion alcohol testing is authorized only if the required observations are made during, just preceding, or just after the period of the work day the driver is required to be in compliance with the testing requirements of 49 C.F.R. 382 et seq.

Reasonable suspicion testing may be required of a driver while the driver is performing, just before the driver will perform or just after the driver has ceased performing safety-sensitive functions. If the alcohol test is not administered within two hours following the determination a reasonable suspicion test is required, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the determination, the DER shall cease attempts to administer the alcohol test and shall state in the record the reasons for not administering the test.

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech and performance indicators of alcohol misuse. The driver will also not be able to perform or continue to perform safety-sensitive functions until an alcohol test is administered and the driver's concentration measures less than 0.02 or twenty-four hours have elapsed following the determination that reasonable suspicion existed to require an alcohol test.

A written record of the observations leading to a reasonable suspicion test shall be made and signed by the supervisor and/or school official that made the observations. This record shall be made within twenty-four hours of the observed behavior or before the results of the test are released, whichever is earlier.

E. Return to Duty Testing

The district is not required to return an employee to a safety-sensitive position upon receipt of a confirmed drug and/or alcohol test. The Designated Employer Representative (DER) may recommend to the Superintendent of Schools the individual's employment be terminated depending on the circumstances.

In the event the DER does not recommend termination, DER shall ensure that before a driver returns to duty requiring the performance of a safety-sensitive function, the driver shall undergo a return to duty alcohol test indicating a breath alcohol concentration of less than 0.02 and a controlled-substances test with a result indicating a verified negative result for controlled-substances use as required in 49 C.F.R. 40.305.

Drivers permitted to return to duty are required to take return-to-duty tests and shall be evaluated by a Substance Abuse Professional (SAP). These individuals must participate in an assistance program prescribed by the SAP and as required in 49 C.F.R. 40 Subpart O.

The SAP will determine a written follow-up testing plan for any individual who has been permitted to return to work and has successfully complied with the SAP's recommendations for education and/or treatment. Such employees are subject to a minimum of six unannounced, follow-up drug screenings and alcohol tests over the following twelve months. The testing shall not exceed sixty months. Alcohol follow-up testing shall be performed only when the driver is performing safety-sensitive functions or immediately prior to performing or immediately after performing safety-sensitive functions. All follow-up testing will be completed in accordance with 49 C.F.R. 40.307. The SAP will comply with all reporting requirements of 49 C.F.R. 40.311.

Medical Review Officer (MRO) Notifications

The Board shall employ or contract with a medical review officer who is a licensed physician (M.D. or D.O.) and shall designate the Medical Review Officer as the individual responsible for receiving laboratory results generated by the testing program. The MRO shall have knowledge of substance abuse disorders and have appropriate medical training to interpret and evaluate the individual's confirmed positive test together with his/her medical history and other biomedical data. The Medical Review Officer will perform all functions and responsibilities as required in 49 C.F.R. 49 Subpart G.

Employer Notification

The Medical Review Officer may report controlled substances test results to the DER by any means of communication; however, a signed, written notification must be forwarded within three business days of the completion of the MRO's evaluation. The MRO must report all drug test results to the employer. The MRO may use a signed or stamped and dated legible photocopy of Copy 2 of the CCF to report test results or a written report that must include, at a minimum, the information required in 49 C.F.R. 40.163.

Split Specimen Tests

Split specimen testing will be conducted in accordance with 49 C.F.R. 40 Subpart H. Under split-sample collection procedures, the driver has seventy-two hours from the time of notification of a positive result to request the MRO to order a test of the split specimen. If the driver does not request a split specimen test within seventy-two hours, the driver may present to the MRO information documenting that serious injury, illness, lack of actual notice of the verified test result, inability to contact the MRO, or other circumstances unavoidably prevented the individual from making a timely request.

If the split specimen is unavailable or appears insufficient, the laboratory will continue the testing process of the primary specimen as the laboratory would normally. The laboratory will report the results for the primary specimen without providing the MRO information regarding the unavailable split specimen. In the event the MRO requests the split specimen be forwarded to another laboratory, the laboratory will report to the MRO the split specimen is unavailable for testing and the laboratory will provide the MRO with as much information as possible about the cause of the unavailability.

Designated Collection Facility

The Board shall designate the facility to be used for the collection of the specimen; provided, however, that the designated facility shall possess all required licenses and permits. The collection site will take place in a facility meeting the requirements of 49 C.F.R. 40 Subpart D. The DER will ensure the collection site meets the security requirements of 49 C.F.R. 40.43.

Designated Screening Laboratory

The Board shall designate the laboratory to which collected fluid samples will be forwarded for drug/alcohol screening. Drug testing must be certified by the Department of Health and Human Services (HHS) under the National Laboratory Certification Program (NLCP) for all testing required under 49 C.F.R. 40. The laboratory will perform all responsibilities as required in accordance with 49 C.F.R. 40 Subpart F.

Specimens

The normal screening methodology for controlled substances shall be urinalysis, collected by a representative of the Board at a designated site. The presence of alcohol will be determined by an Alcohol Screening Device (ASD) or an Evidential Breath Testing Device administered by an individual certified in accordance with 49 C.F.R. 40.211 and 49 C.F.R. 40.213.

Refusal to Submit

A driver will be deemed as refusing to take a drug test in accordance with the criteria described in with 49 C.F.R. 40.191. As per 49 C.F.R. 40.191, an individual refuses to take a drug test if he/she:

1. Fails to appear for any test (except a pre-employment test) within a reasonable time, as determined by the DER, consistent with applicable DOT agency regulations, after being directed to do so by the DER;
2. Fails to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
3. Fails to provide a urine specimen for any drug test required by this policy. An employee who does not provide a urine specimen because he or she has left the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
4. Fails to permit the observation or monitoring of providing a specimen in the case of a directly observed or monitored collection in a drug test;
5. Fails to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fails or declines to take a second test the DER or collector has directed the individual to take;
7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER under Sec. 40.193(d). In the case of a pre-employment drug test, the individual is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment;
8. Fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process); or
9. If the MRO reports the driver had a verified adulterated or substituted test result.

If an individual refuses to participate in a part of the testing process, the collector or MRO, must terminate the portion of the testing process, document the refusal on the CCF (including in the case of the collector, printing the employee's name on Copy 2 of the CCF), immediately notify the DER by any means (e.g., telephone or secure fax machine) that ensures that the refusal notification is immediately received. A referral physician (e.g., physician evaluating a "shy bladder" condition or a claim of a legitimate medical explanation in a validity testing situation), must notify the MRO, who in turn will notify the DER. In addition,

the collector must note the refusal in the "Remarks" line (Step 2), and sign and date the CCF. The MRO must note the refusal by checking the "refused to test because" box (Step 6) on Copy 2 of the CCF, and add the reason on the "Remarks" line. The MRO must then sign and date the CCF. When the driver refuses to take a non-DOT test or to sign a non-DOT form, the driver has not refused to take a DOT test. There are no consequences under DOT agency regulations for refusing to take a non-DOT test.

Record of Negative Screening

An employee required to submit to an alcohol and/or controlled substance screening as provided in this policy and whose screening results are negative may, at their option, have their personnel file documented to reflect the negative result.

Prescription Drugs

All bus drivers shall notify the DER of the use of any prescription drugs. The Board may require certification from the prescribing physician that the use of the prescription drug will not have an adverse effect on the driver's ability to properly perform safety-sensitive functions.

Consequences to Drivers Engaging in Prohibited Conduct

An employee whose screening produces a positive result for a prohibited substance:

- A. Shall not be permitted to perform safety-sensitive functions;
- B. Shall be advised by the DER of resources available to them in evaluating and resolving problems associated with the misuse of alcohol or the use of controlled substances;
- C. Shall be evaluated by a substance abuse professional who shall determine what assistance, if any, is needed to resolve problems with alcohol or controlled substance use;
- D. Undergo, before returning to duty, a return to duty alcohol test indicating a breath level of less than 0.02 if the conduct involved alcohol or a controlled substance test with a verified negative result;
- E. If assistance was required, the employee must be evaluated by a substance abuse professional to determine that the driver has followed the rehabilitation program prescribed;
- F. Be subject to unannounced follow up alcohol and/or controlled substance abuse testing;
- G. Be subject to the disciplinary policy and regulations of the Board.

Return-to-Work Agreement

An employee who has returned to work and who fails to comply with any of the terms of the Return to Work Agreement shall be subject to termination.

Employee Evaluation

4220 EMPLOYEE EVALUATION

The Board of Education recognizes the importance of employee evaluations in the reinforcement of performance strengths and the remediation of weaknesses.

The Superintendent shall develop a plan for the evaluation of support staff members. He or she shall invite the participation of employees in the development of the plan and shall assess and modify the plan as necessary.

Employees shall be grouped into position classifications based upon similarities of duties, responsibilities, and qualifications. The evaluation process shall be similar for all employees in a single classification.

The evaluation process shall provide for the recognition and commendation of effective performance, the identification and remediation of performance deficiencies, and the recommendation of discipline or dismissal when an employee fails to improve his or her performance. Evaluation procedures shall provide that each employee is informed of the specific objectives of his or her position and the standards that will be used to assess the employee's performance against those objectives. Employees will be evaluated by qualified supervisors on a schedule established by the Superintendent or designee. Any records created in the evaluation process will become part of the employee's file and subject to Board policy on personnel records.

Specific timelines and criteria are outlined in the individual and S.O.M.E.A. contracts for those employees who are covered by those contracts.

4230 OUTSIDE ACTIVITIES

The Board of Education recognizes that support staff members enjoy a private life outside their job responsibilities in the school district. The Board believes that school employees exert a continuing influence away from the school district. Accordingly, the Board reserves the right to determine if activities outside the support staff member's job responsibilities interfere with their performance and the discharge of the support staff member's responsibilities to this district.

All support staff members are advised to be governed in their activities outside the school by the following guidelines:

1. Support staff members are advised to refrain from conduct, associations, and offensive speech that, if given publicity, would tend to have an adverse or harmful effect upon pupils or the school community;
2. Support staff members shall not devote time during their work day to an outside private enterprise, business, or business organization. They shall not solicit or accept customers for a private enterprise, business, and/or business organization on school grounds during their work day without the express permission of the Superintendent or designee.
3. The Board does not endorse, support, or assume liability in any way for any support staff member of this district who conducts a private activity in which students or employees of this district participate.

No student shall be requested or directed by any support staff member to engage in any activity which tends to promote, favor, or oppose any such candidacy, bond issue, proposal, or public question; and
5. School employees shall not promote a position of a collective bargaining issue or political issue while in the presence of students when on school premises or during school sponsored events or activities.
6. Copyrights and patents to materials or equipment developed, written, prepared, processed or tested by support staff members in the performance of their school district duties reside with and may be claimed by the Board.

Inappropriate Staff Conduct

4281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all pupils within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a pupil's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all pupils attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all pupils. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-pupil professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward pupils.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to pupils or about pupils and shall not engage in inappropriate language or expression in the presence of pupils. School staff shall not engage in inappropriate conduct toward or with pupils. School staff shall not engage or seek to be in the presence of a pupil beyond the staff member's professional responsibilities. School staff shall not provide transportation to a pupil in their private vehicle or permit a pupil into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to pupils or for public display.

A school staff member is always expected to maintain a professional relationship with pupils and school staff members shall protect the health, safety and welfare of school pupils. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Assistant Superintendent. In addition, school personnel having reasonable cause to believe a pupil has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families Institutional Abuse Investigation Unit in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referer with respect to his/her employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Assistant Superintendent will investigate all reports with a final report to the Superintendent of Schools. The Assistant Superintendent the Superintendent may, at any time after receiving a report take such appropriate action as necessary and as provided for in the law. 4282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all pupils, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all pupils attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to pupils or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, pupils, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, pupil relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, pupils, or their families;

3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including pupils and/or their families;
4. Shall not use social networking sites to post any materials of a sexually graphic nature;
5. Shall not use social networking sites to post any materials which promote violence;
6. Shall not use social networking sites which would be detrimental to the mission and function of the district;
7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;
8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools or the Chief Information Officer or designee for such use; and
9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward pupils and/or the community while using social networking sites.

Healthy Workplace Environment

4351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school support staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to pupils in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct.

There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this policy.

Overtime Compensation

4413 OVERTIME COMPENSATION

The Board of Education will compensate overtime work in accordance with law. "Overtime work" means work in excess of forty hours in a single work week, or work in excess of eight hours on any one working day not including compensatory time off, time off for any other reason, or time during which the employee voluntarily substitutes for another employee in the same work category.

No overtime shall be worked without the express advance approval of the immediate supervisor.

Employees who work overtime and for whom no contrary provision has been collectively bargained may, as determined by the Superintendent or his/her designee, earn compensatory time at the rate of one and one-half hours for every hour of overtime worked, in lieu of overtime compensation.

A request for the use of compensatory time shall be submitted to the employee's supervisor and must be approved by the immediate supervisor. An employee may be permitted the use of accrued compensatory time within a reasonable time of his or her request for time off, provided the requested time off does not unduly disrupt the operations of the school district.

The School Business Administrator/Board Secretary is directed to make and maintain such records regarding employees' hours and wages as may be required by law.

4431.1 MEDICAL AND FAMILY LEAVE

In accordance with the federal Family and Medical Leave Act (FMLA) and under the New Jersey Family Leave Act (FLA), the Board of Education will grant eligible support staff members up to twelve (12) weeks leave of absence in any twenty-four (24) month period upon advance notice to the district so that a staff member may provide care made necessary by the birth of a child of the staff member, the placement of a child with the staff member in connection with the adoption of such child by a the staff member, or the serious health condition of a spouse, domestic partner, parent, child or the staff member.

No staff member shall be required to take medical or family leave or to extend medical or family leave beyond the time requested. A staff member shall not be discriminated against for having exercised his or her rights under the federal Family and Medical Leave Act or the New Jersey Family Leave Act nor discouraged from the use of medical or family leave.

For the purposes of this policy, a "parent" is a biological, adoptive, or foster parent; stepparent; parent-in-law; a legal guardian having a parent-child relationship with a child as defined by law; or a person who has sole or joint legal or physical custody, care, guardianship, or visitation with a child. A "child" is defined as the biological, adopted or foster child, step child, legal ward, child of a parent who is under eighteen (18) years of age or a child eighteen years or older who is incapable of self-care because of a mental or physical impairment. "Serious health condition" is an illness, injury, impairment, or physical or mental condition that requires inpatient care in a hospital, hospice, or residential medical facility or continuing medical treatment or continuing supervision by a health care provider. "Family leave" is leave taken pursuant to the FMLA and the FLA. "Staff member" is an employee eligible for family leave in accordance with the FMLA and the FLA. A "week" is the number of days an employee normally works each calendar week.

Eligibility

A staff member shall become eligible for family leave after he or she has been employed at least twelve months in this district for not less than one thousand base hours, including overtime, or twelve hundred and fifty hours for medical leave, during the immediate preceding twelve month period. The calculation of the twelve-month period to determine eligibility shall commence with the commencement of the family leave. Full-time employees are deemed to satisfy the 1250 hours requirement under the FMLA if they have completed twelve months of employment and work a regular, full-time schedule. Family leave taken for the birth or adoption of a healthy child may commence at any time within a year after the birth or placement for adoption.

During any period of the leave, a staff member is prohibited from performing any services on a full-time basis for any person for whom the staff member did not provide services immediately prior to the commencement of the leave. A staff member on family leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the district. The staff member may continue the part-time employment which commenced prior to the family leave at the same number of hours that the staff member was regularly scheduled prior to such leave.

Types of Leave

A staff member may take family leave in consecutive weeks, as intermittent leave, or as reduced leave. A staff member who requests intermittent or reduced leave shall make a reasonable effort to schedule such leave so as not to unduly disrupt the instructional/educational program.

1. In the case of a family member who has a serious health condition, leave may be taken intermittently when medically necessary. If the total time within which the leave is taken does not exceed a twelve-month period for each serious health condition episode; the staff member will provide the district with prior notice of the leave in a manner which is reasonable and practicable; and the staff member makes a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the instructional/educational program. In the case of the birth or adoption of a healthy child, the leave may be taken intermittently only if agreed to by the staff member and the district.
2. Reduced leave means leave scheduled for fewer than the staff member's usual number of hours worked per workweek, but not fewer than a staff member's usual number of hours worked per workday, unless otherwise agreed to by the staff member and the district. A staff member is entitled, at the option of the staff member, to take leave on a reduced leave schedule except the staff member is not entitled to a reduced leave schedule for a period exceeding twenty-four consecutive weeks. The staff member is not entitled to take the leave on a reduced leave schedule without an agreement between the staff member and the district if the leave is taken upon the birth or adoption of a healthy child. The staff member shall make a reasonable effort to schedule reduced leave so as not to unduly disrupt the operations of the instructional/educational program. The staff member shall provide the district prior notice of the care, medical treatment or continuing supervision by a health care provider necessary due to a serious health condition of a family member in a manner that is reasonable and practicable. Leave taken on a reduced leave schedule shall not result in a reduction of the total amount of leave to which a staff member is entitled.
3. A one- or two-day holiday occurring within the week taken by a staff member as Family Leave has no effect and the week is counted as a week of medical or family leave. However, if the staff member is out on Family Leave and the school district is closed and the staff member would not be expected to report for work for one or more weeks, the days the school district is closed for this staff member do not count against the staff member's family leave entitlement.

Notice

A staff member eligible for family leave must give at least thirty (30) days' advance notice in writing to the Superintendent or his/her designee of the need to take family leave, except where the need to take family leave is not foreseeable. In such cases, the staff member must provide notice as soon as practicable. Whenever emergent circumstances make written notice impracticable, the staff member may give verbal notice to the Superintendent or his/her designee, but any verbal notice must be followed by written notice delivered within ten (10) days.

1. Notice for leave to be taken for the birth or placement of a child for adoption shall be given at least thirty (30) days prior to the commencement of the leave, except that if the date of the birth or adoption requires leave to begin in less than thirty (30) days, the employee shall provide such notice as is reasonable and practicable.
2. Notice for leave to be taken for the serious health condition of a family member shall be given at least fifteen (15) days prior to the commencement of leave, except that if the date of the treatment or supervision requires leave to begin in less than fifteen (15) days, the employee shall provide such notice as is reasonable and practicable.
3. When the Superintendent or his/her designee is not made aware that a staff member is absent for family leave reasons and the staff member wants to request that the leave be counted as family leave, the staff member must provide timely notice within two (2) business days of returning to work to have the time considered in accordance with the Family Leave Act.

Benefits

Medical or family leave shall be unpaid leave as per the FMLA and the FLA. Employees on medical leave, however, may be eligible for salary continuation under the NJ Temporary Disability Benefits Program, or Workers' Compensation Insurance, depending on the cause and nature of the medical condition.

In accordance with law, the Board will maintain coverage under any group health insurance policy, group subscriber contract, or health care plan at the level and under the conditions coverage would have been provided if the staff member had continued in employment continuously from the date the staff member commenced the leave to the date the staff member returned to work or the date on which the staff member's coverage would have expired had the employee not been on leave, whichever is sooner.

A staff member returning from medical or family leave shall be entitled to the position he or she held when leave commenced or to an equivalent position of like seniority, status, employment benefits, pay and other conditions of employment. If the district experiences a reduction in force or layoff and the staff member would not have lost his or her position had the staff member not been on family leave, as a result of the reduction in force or pursuant to the good faith operation of a bona fide layoff and recall system including a system under any collective bargaining agreement, the staff member shall be entitled to reinstatement to the former or an equivalent position in accordance with applicable statutes, codes and laws. The staff member's tenure and seniority rights, if any, and other benefits shall be preserved, but the staff member shall accrue no additional time toward tenure or seniority for the period of the leave, except as may be provided by law.

The return of a staff member prior to the expiration of a requested and approved medical or family leave may be permitted by the Board if the return does not unduly disrupt the instructional/educational program or require the Board to incur the cost of continuing the employment of a substitute under contract. If an employee requests leave that would have him/her returning to work during the weeks preceding the end of the school year, the Board may exercise its right to extend the leave through the end of the school year under certain circumstances.

If an employee fails to return to work following an approved medical or family leave, the Board has the right to bring an action to recover the cost of premiums paid for the employee's health insurance benefits throughout the period of the leave. Medical or family leave granted to a non-tenured staff member cannot extend the staff member's employment beyond the expiration of his or her employment contract.

To prevent substantial and grievous economic injury to the school district's operations, the district may deny family leave to a staff member if the staff member is a salaried employee who is among the highest-paid five percent of the school district staff or one of the seven highest-paid employees of the district, whichever group is greater in number. The Superintendent shall notify the staff member of the intent to deny the leave at the time that the Superintendent determines such denial is necessary. If the leave has already commenced at the time of the district's notification of denial, the staff member shall return to work within ten (10) working days of the date of notification.

Verification of Leave

The Board shall require the certification of a duly licensed health care provider verifying the purpose of requested medical or family leave. Certification of a serious health condition of a family member of the staff member shall be deemed sufficient if it states the date on which the condition

commenced, the probable duration of the condition and the medical facts within the provider's knowledge regarding the condition. Certification for the birth or placement of a child for adoption need only state the date of birth or the date of placement, whichever is appropriate.

In the event the Superintendent or his/her designee doubts the validity of the certification for the serious health condition of a family member of the staff member, the district may require the staff member to obtain at district expense an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the district. If the second opinion differs from the certification, the district may require that the staff member obtain at district expense the opinion of a third health care provider designated or approved jointly by the district and the staff member concerning the serious health condition. The opinion of the third health care provider shall be final and binding on the district and the staff member.

In order that a staff member's entitlement to medical or family leave can be properly determined, the Superintendent shall insure the keeping of accurate attendance records that distinguish medical or family leave from other kinds of leave.
