

Update on Communicating with the Board of Education and Its Members

The South Orange Maplewood School District Board of Education invites parents, students, staff and other community members to share feedback, concerns and suggestions in a variety of ways.

Public Participation at Board Meetings – The public is welcome to attend School Board meetings and workshops. Members of the public may participate in regular School Board meetings during the times designated for Hearings of Individuals and Delegations.

Public Participation in Community Forums – Community Forums take place periodically to provide an opportunity for members of the Board, the administration, and the community to discuss specific topics in more depth.

Email Communications with the Board – A member of the community also may communicate with the Board by emailing boemembers@somsd.k12.nj.us. Emails sent to this address will reach the full membership of the Board.

In addition, should a community member wish to contact a specific Board member, they can be reached at the following email addresses:
