

**Update: This message has added Dr. Donovan Smalls as the contact person for summer programs at SOMS.**

Dear South Orange & Maplewood School District Families,

Below is a list of the District's six summer program locations, with phone numbers for each location. The summer programs held at each location are also listed below, along with the name of the administrator for each program. If you need to contact anyone at your child's summer program, please use the phone number listed below.

We would like to remind you that, as per a District email sent on July 3rd, due to ongoing construction at Columbia High School (CHS), a portion of CHS will be without power from **Wednesday, July 10th, at 4 p.m. through Thursday, July 11th, Friday, July 12th, and possibly Monday, July 15th. This power outage will significantly interrupt many services throughout the District, including internet access and District phones.** We will inform you once power and services are restored.

All summer programs will be held as scheduled during this planned power outage, and the phone numbers listed below will be operational. Please use these phone numbers to contact the summer programs for the remainder of the summer.

Thank you for your cooperation.

Sincerely,

The South Orange & Maplewood School District

**1. Tuscan Elementary School**
